

Federal Support to Provinces and Territories

In 2015-16, provinces and territories will receive \$68 billion through major transfers – an increase of \$3 billion from the previous year.

In 2014-15, provinces and territories will receive \$65 billion in major transfers – an increase of \$23.1 billion since 2005-06. These transfers are estimated to account for 19 percent of provincial and territorial revenues in that year.

¹ CHT/CST include transition protection payments from 2007-08 to 2009-10. CHT includes protection payments to Newfoundland and Labrador and Nunavut in 2014-15. CHT also includes separate payments to Ontario in respect of the Canada Health Transfer for 2009-10 (\$489 million) and 2010-11 (\$246 million) to ensure Ontario receives the same CHT cash support as other Equalization-receiving provinces. CST excludes \$31.9 million from Budget 2008 transition protection payments to Saskatchewan (\$31.2 million) and Nunavut (\$0.7 million) notionally allocated over five and three years respectively beginning in 2008-09.

² Includes payments and additional amounts. Also includes 2009–10 transitional Equalization protection to Nova Scotia and Manitoba. From 2007–08 onward, reflects the 2007 formula for all provinces except Newfoundland and Labrador (NL) which remained under the previous Equalization formula until 2010–11, when NL elected to enter into the 2007 Equalization formula.

³ Offshore Offset Payments include cash amounts from the 1985 and 1986 Accords and cash and notional amounts from the 2005 Arrangements. Include \$37 million in 2015-16 in 2005 Arrangements. Also include \$83 million in 2011-12, \$297 million in 2012-13, \$260 million in 2013-14, \$131 million in 2014-15 and \$79 million in 2015-16 in Cumulative Best-of Guarantee payments to Nova Scotia.

CBO payments in 2015-16 are preliminary.

⁴ Includes payments, additional amounts and data revisions.

⁵ Other payments include the 2009–10 transition adjustment payment to Nova Scotia (\$74 million).

Other payments also include Total Transfer Protection (TTP) provided in 2010–11 (\$525 million), 2011–12 (\$952 million), 2012–13 (\$680 million) and 2013–14 (\$56 million) to ensure that a province's total major transfers in one of these years are no lower than in the prior year.

For the purpose of calculating TTP, total major transfers comprise Equalization, CHT, CST and prior year TTP. One-time recoverable payments to Ontario (\$150 million) and Prince Edward Island (\$1 million) for 2011–12 not included.

ederal Support to Newfoundland and Labrador

In 2015-16, the Government of Newfoundland and Labrador will receive \$692 million through major transfers.

In 2014-15, the Government of Newfoundland and Labrador will receive \$676 million in major transfers, accounting for 9 percent of its revenues in that year.

[See explanatory notes](#)

¹ CHT/CST include transition protection payments for 2007–08. CHT includes protection payments to Newfoundland and Labrador in 2014-15.

² Includes a one-time adjustment of \$54 million in 2006-07, and amounts reflect the fact that Newfoundland and Labrador elected in 2010-11 to enter into the 2007 Equalization formula. Newfoundland and Labrador no longer qualifies for Equalization as from 2008-09 due to the strength of its economy relative to the other provinces.

³ Offshore Offset Payments include cash amounts from the 1985 Accord. The 2005 Arrangement included an upfront payment of \$2 billion in 2004-05; amounts presented here are notional allocations, not including the \$1,153 million booked by Newfoundland and Labrador in 2008-09 that represents the unused portion of the upfront payment. The \$536 million paid in 2011-12 under the 2005 Arrangement represents a transitional payment as Newfoundland and Labrador no longer qualifies for Equalization or Offshore Offset Payments beyond that year. Offshore Offset Payments are not included for the purpose of calculating Total Transfer Protection.

⁴ Total Transfer Protection (TTP) was provided in 2010–11 to ensure that Newfoundland and Labrador's total major transfers in one of these years are no lower than in the prior year. For the purpose of calculating TTP, total major transfers comprise Equalization, CHT, CST and prior year TTP.

Federal Support to Prince Edward Island

In 2015-16, the Government of Prince Edward Island will receive \$554 million through major transfers – an increase of \$147 million from 2005-06.

In 2014-15, the Government of Prince Edward Island will receive \$544 million in major transfers, accounting for about 34 percent

¹ CHT includes transition protection payments for 2007-08 and 2008-09. CST includes transition protection payments for 2007-08, 2008-09 and 2009-10. CST excludes \$31.2 million from Budget 2008 transition protection payment notionally allocated over five years beginning in 2008-09.

² Includes a crown lease compensation payment of \$7 million in 2005-06.

³ Total Transfer Protection (TTP) was provided in 2010-11 to ensure that Saskatchewan's total major transfers in one of these years are no lower than in the prior year. For the purpose of calculating TTP, total major transfers comprise Equalization, CHT, CST and prior year TTP.

Federal Support to Alberta

In 2015-16, the Government of Alberta will receive \$5.5 billion through major transfers – an increase of \$3.2 billion from 2005-06.

In 2014-15, the Government of Alberta will receive \$5.2 billion in major transfers, accounting for almost 12 percent of its revenues in that year.

¹ CHT/CST include transition protection payments for 2007-08.

² Includes a one-time adjustment of \$199 million in 2006-07. British Columbia no longer qualifies for Equalization as from 2007-08 due to the strength of its economy relative to the other provinces.

Federal Support to the Yukon

In 2015-16, the Government of Yukon will receive \$923 million through major transfers – an increase of \$390 million from 2005-06.

In 2014-15, the Government of Yukon will receive \$897 million in major transfers, accounting for about 74 percent of its revenues in that year.

¹ CST includes transition protection payments for 2007–08, 2008–09 and 2009–10. CHT includes protection payments to Nunavut in 2014-15. CST also includes \$0.7 million Budget 2008 transition protection payment to Nunavut notionally allocated over three years beginning in 2008–09.

² Includes a one-time adjustment of \$2 million in 2006–07 and data revisions resulting in payments of \$22 million in 2005–06 and \$18 million in 2006–07.

Explanatory Notes for Tables on Federal Support to Provinces and Territories

Totals may not add due to rounding and are subject to regular revision.

CHT figures include the 2004 CHST Supplement for Health (\$1 billion in 2005–06) and the 2003 CHST Supplement (\$310 million in 2005–06).

CST figures include the 2003 CHST Supplement (\$190 million in 2005–06). CST excludes a one-time payment (\$250 million) for the creation of child care spaces for 2007–08 (Budget 2007).

Prior to 2009–10, wait times reduction funding to provinces and territories was allocated through a trust fund.

The Government also provided support for short-term targeted policy initiatives, such as the one-year provision for phased-out early learning and child care (\$650 million) in 2006–07, and 2004 Northern Economic Development (\$20 milli

on) from 2005–06 to 2008–09. It further provided support to provinces and territories through trust funds. The amounts are not included in the tables. Additional information can be found on the Finance Canada web site
