Anglophone Affairs Office – NOW!

Graham Fraser, Canadian Official Languages Commissioner, has made a call to the Quebec government to create an Office of Anglophone Affairs to better serve their English population! It seems that the English-speaking community's stake in crucial government decisions in Quebec is diminished and undermined, influencing their future well-being!

Sound familiar?

Anglophones in New Brunswick have the very same problems, including major reforms to the way health-care facilities and school boards are run dictatorially by the Gallant Government!

It is time to set up an independent Anglophone Affairs office IN NEW BRUNSWICK, staffed by Anglophones, to keep tabs on issues facing English-speaking taxpayers!

Fraser suggested this English Official could report annually on the status of the Anglophone community, monitor the state of English services, provide analysis of the impact of new legislation and liaise with the bureaucracy. Recently, several New Brunswick MLA's have professed their sympathy and support of the needs of the 67% New Brunswick English-speakers, but in cabinet they have publicly chosen to toe the government line for fear of retaliation!

We invite ALL English MLAs, and those who truly understand the meaning of equality and fairness - come out of the corner - STAND UP AND SPEAK OUT for the citizens who voted you into office – and can just as easily vote you out! Demand a Free Vote if necessary!

What is it you don't understand? This appointment is essential to preserve the services, rights and freedoms that are VITAL to New Brunswick Anglophones!

MLA's - COME OUT OF THE CORNER !
